Helio Health

The Helio Health Training Institute offers quality continuing education to individuals interested in furthering their career in Substance Use Counseling and other human services disciplines. The Training Institute is a certified training provider through both OASAS, for CASAC initial certification and recertification courses and the New York State Education Department for LMSW/LCSW and LMHCs recertification courses (approval statements are at the bottom of this page).

All trainings posted in this brochure are open to the public and are offered, unless otherwise stated, at our Learbury Training Institute located at 329 North Salina Street, Syracuse, NY 13203. Should you have any questions feel free to contact us either via email at: Training@helio.health or via Telephone at: 315.471.1564 Ext. 392

Our training calendar is shown on the following pages and Information on our CASAC initial certification training follows. Thank you and we look forward to helping you meet you training needs in 2019.

Approval Statements:

Helio Health is recognized by New York State Office of Alcoholism and Substance Abuse Services to provide initial certification and continuing education training to Certified Addiction and Substance Abuse Counselors #0444.

Helio Health is recognized by the New York State Education Department's State Board for Social Work as an approved provider of continuing education for licensed social workers #00007

Helio Health is recognized by the New York State Education Department's State Board for Mental Health Practitioners as an approved provider of continuing education for licensed mental health counselors. #MHC-0057.

This intensive course will cover 10hrs of advocacy, 10hrs of mentoring and education, 10hrs of recovery and wellness supports, and 16hrs of ethics. At the end of this course, participants will be eligible to apply for provisional CRPA status (CRPA-P) and sit for the NYCB/IC&RC Peer Recovery Exam.</p>
<p>Certified Recovery Peer Advocate Review</p> <p>Presented by: Jason Page, MS, CTRS, CASAC</p>	<p>This 8 hour course is designed to help candidates review and prepare for the CRPA Certification exam. The class covers material from all four CRPA Sections and covers information on how to prepare for and take a test given in an electronic testing format.</p>
<p>Clinical Supervision Foundations II</p> <p>Presented by: Nathan Rauscher, LMSW, Master CASAC Dorothy Radcliff, CASAC</p>	<p>This training is developed to meet the state requirement that people who are CASAC's or otherwise a QHP working in our field of care, to become OASAS certified clinical supervisors.</p> <p><u>Pre-requisite</u> Clinical Supervision Foundations I Online Course</p> <ul style="list-style-type: none"> This 14-hour, self-paced course is designed to introduce the terms, topics, and resources essential to clinical supervision. This course is a pre-requisite to the 16-hour Clinical Supervision Foundations II classroom training. To access the course: http://www.healthknowledge.org <p>This course is approved for OASAS credentialing hours. There is no need to pay for the course unless Social Work Continuing Education hours are desired.</p>
<p>Compassionate Communication</p> <p>Presented by: Jessica Krohn, LMSW</p>	<p>This training will provide a brief overview of communication as a tool for learning and connectedness. The training will promote increased comfort in addressing conflict and communicating effectively with others (colleagues, family, patients, etc). There will be a short exercise, an opportunity for discussion and information about how to practice nonviolent communication and avoid compassion killers during interactions with others.</p>
<p>CPR (BLS)</p> <p>Presented by: Jessica Krohn, LMSW Ashley Oliver, RN Steven Comer, MA, CASAC II, CRPA</p>	<p>American Heart Association trained Instructors</p> <p>The BLS Course trains participants to promptly recognize several life-threatening emergencies, give high-quality chest compressions, deliver appropriate ventilations and provide early use of an AED.</p> <p>In the Instructor-led course, students participate in simulated clinical scenarios and learning stations. Students work with an AHA BLS Instructor to complete BLS skills practice and skills testing. Students also complete a written exam.</p>

<p>Defensive Driving</p> <p>Presented by: Steven Comer, MA, CASAC II, CRPA</p>	<p>Our instructors are certified through the National Safety Council for Defensive Driving. You can save up to 10% on your auto insurance and reduce up to 4 points on your driving record after completion of the class. This class is 6 hours in length plus a 30 minute lunch break.</p> <p>This defensive driving course will refresh your driving knowledge with a review of time-tested driving tips and an overview of today’s vehicle and traffic laws. Each participant in this course may be eligible to reduce as many as four points on his/her driving record. The DMV computer will automatically note your eligibility to receive the reduction. If you are the primary operator of a motor vehicle, you may also receive a minimum of 10% reduction in the base rate of your automobile or motorcycle liability insurance premiums each year for a period of 3 years.</p>
<p>DBT Principles</p> <p>Presented by: Tracy Torelli LMSW</p>	<p>This course provides an overview of Dialectical Behavioral Therapy: DBT. Before introducing approaches, theories and skills that can be used in a behavioral health setting to address problems when treating individuals with personality disorders. These approaches can be used individually or in group settings to reduce discord and increase treatment retention.</p>
<p>Effectively Sharing Your Recovery Story</p> <p>Presented by: Jordan Eubanks, CASAC-T, CRPA, NYCPS, NCPRSS Jacob Roland, CRPA, NYCPS</p>	<p>Participants will be able to:</p> <ol style="list-style-type: none"> 1. Gain knowledge on the importance of self-disclosure 2. Identify how to effectively frame a recovery story 3. Define potential risks in ineffectively sharing a recovery story 4. Distinguish effective times to share key components of recovery story 5. Identify the difference between sharing a ‘war’ story and sharing a recovery story 6. Define stigma-reducing terms to incorporate in recovery story
<p>Interpersonal Violence, the Basics</p> <p>Presented by: Jessica Krohn, LMSW</p>	<p>This course will provide an introductory overview to the different forms of interpersonal violence. Participants will engage in activities that will promote internal understanding of interpersonal violence. Participants will learn about warning signs and coping strategies of those who have encountered interpersonal violence. An overview of warnings signs and abusive strategies will be included. Closing with tips and tools on supporting those who have encountered interpersonal violence.</p>
